

Christmas 2023

Our Christmas Story

*'Twas a spell before Christmas,
smell of pine cones in the air,
we gather together
and decorate the tree with care.*

Familiar Christmas songs
fill our halls,
as we patiently wait for
Christmas Eve snowfalls!

For this is Christmas,
a time for joy.
A time for families,
and for all to enjoy.

On December 24th,
when all the decorating is done,
we wait with excitement,
for even more fun to come!

There is a magic to Christmas
we can all agree,
The lights, the sounds,
are so amazing to see.

The magic of Christmas
lies in your heart,
if you keep it in there
we will never part.

To be really good once
a year just won't do.
You must have a heart filled
with love and always be true.

After all the hard work is done,
it was time for a treat.

So with milk and
warm cookies,
we sat down to eat.

*It is getting time for bed
as we finished our last drink.*

*Quickly we put on our PJs.
Christmas would be here
in a blink!*

When the festivities were over
and things were all set,
Mom & Dad said that the fun
wasn't over just yet.

They said, "Come over!
look at this snow!
Quick! Make some snow balls!
Let's all throw!"

Merry Christmas to you!
May your hearts be filled with cheer.
May the love of your family
surround you all year.
